

DONNA BROWER, MUSIC DIRECTOR

WE REPORT TO: NFCB, OP, CMI,
BOSTON ROCK, IBS

Greetings! This is our final playlist for 1982. We're leaving the Alfred Valley for some much-needed change of scenery. We'll all be back in January, back in the old radio station working hard. I'd like to thank all the Independents who have sent us letters, records, tapes and encouragement. Our DJs are playing the new music. This playlist may not show it to a great extent because of a kidnapping of the Independent Record Collection. This diversionary happening spanned 3 weeks of worry, 2 ransom letters, and numerous cryptic phone calls. The albums were found abandoned in a deserted hallway in the art building. No culprits were found lurking around the site, bringing the whole affair to a somewhat anti-climatic conclusion. We're glad to have them back. Happy Holy Days, Cheers, and a plezant New Years Day.

Donna

CARBON MONOXIDE (CO) - MODERN Music Director

ME Again, and yes, it's been a month. Holiday time, Fun Fun Fun. First, always, THANK FOR all The vinyl + Demos I've been sent this month. Second, A record kidnapping has helped to change policies + regulations here, that were being suppressed. I commend the kidnapers publicly. Thirdly, we are equipped to play all Demo tapes and would appreciate all we can get. Lastly, bands interested in Playing here for a good time, and not a fortune, especially bands scheduled for The Rochester/ Buffalo areas would be obliged to contact me.

NEXT MONTH: Club addresses, phone #s + Record stores. HAVE A Hell of a Holiday, and don't forget my coal.

THANK (CO)

P.S. In need a job over Xmas break in Boston area, any offers? Dec 18 - JAN 15
